THIS SALE

Will be conducted by a licensed auctioneer, and subject to the laws of the State of Illinois governing public auction sales.

There is probably no collector of coins who does not know of Dr. Geo. F. Heath, whose recent death was a shock to the Numismatic World. His writings on Ancient Coins are known for their clearness and accuracy. He was intensely interested in their study, and in the formation of a cabinet of these historic pieces he took the greatest pleasure. It is hoped that his collection, herein offered, will have a wide distribution among his legion of friends and admirers.

Terms of Sale.

1. All bids to be by the lot, irrespective of the number of pieces in a lot. Bids below \$1. must be in multiples of 5c, and above \$1. multiples of 10c. A bid of 67c will be construed as 65c, and a bid of \$1.83 as \$1.80, etc.
2. Regular patrons may have their goods forwarded to them only on the distinct understanding that they will send immediate payment. Auction sales are spot cash and no time allowances or credit can be permitted under any circumstances, the owner of the coins expecting prompt payment. Strangers must send satisfactory references.
3. Bids are numbered and tabulated in their order of receipt. If two or more bids on any certain lot are alike, the one first received gets the lot. If two or more unlimited bids on any certain lot are received, the first one in gets the lot at a slight advance over the highest bid.
4. Payment should be made promptly by cash, money order or draft on New York or Chicago. All personal checks from out of town are subject to 10c exchange, and this amount will be deducted from such remittances. If a receipt is desired, a stamped, addressed envelope should be enclosed.
5. A commission of 5 per cent. of the purchase is charged for executing bids, and mail or express charges are to be paid by the purchaser. Bids may be sent to other parties, who, for the usual commission, will execute them and examine the lots while on exhibition, but in such cases I assume no responsibility.
6. It is understood that I purchase for you as your agent and execute your bids below the limit price you name, if possible. I understand fully that the amount you name on each lot is the highest price you are willing to pay, and that I am to buy it at as much less as the next highest mail bid or those present at the sale will allow.
7. Copies of this catalog with complete selling prices may be obtained after the sale upon payment of **40 Cents.**

All coins, etc., guaranteed genuine and original unless otherwise specified.

No duplicates in any lots unless so stated or marked unassorted.

All U. S. coins are Philadelphia mint unless otherwise noted.

Sizes of Medals, etc., given in millimetres.

ANCIENT.

The collection of ancient coins was Dr. Heath's specialty and the results of his many years' accumulations are shown in the following numbers. The arrangement, descriptions and conditions are by Mr. W. G. Jerrems, Jr., the well known collector and authority on ancients. Almost every coin is described accurately and fully on separate envelopes, many of the attributions being in the Doctor's handwriting. No doubt many collectors will wish to possess some of the coins once owned and handled by one of the founders of the American Numismatic Association, and its chief member during his life. Dr. Heath is known thruout the civilized world as the founder of the *Numismatist* and its able editor for over 20 years.

Rome, 3rd Bronze

It is difficult to differentiate between the extremely base denarii of the period from 253 to 284 A. D., and the bronze Antoniani, which are intermediate in size between the second and third bronze. Beginning with Constantine I there is a yet smaller bronze coin, sometimes called "fourth bronze" or third bronze quinarius, I have called them all "third bronze."

The Numismatist's Reference and Check Book

Being a complete list of all coins issued by the U. S. Mint and branches, with their principal varieties, the private issues of gold, the paper fractional currency and all known varieties of encased postage stamps. Book is pocket size and printed on writing paper, ruled for checking the pieces in a collection, their condition, date of acquisition, price paid and from whom bought. The number of pieces of every denomination coined each year at the various mints is also given, making it an invaluable guide to the collector of mint marks and as to the rarity of any coin. Blank space is provided for additions of dates of future issues, thus making it perpetual, and blank pages for a list of books, colonial or other memoranda. 112 pages. Price \$1.00. Flexible leather, gilt edges, \$1.25. Flexible leather, gilt edges, interleaved with blank writing paper, \$2.00. Published and for sale by the author,
